### **Missouri Farmers Association Joins Animalytix Data Provider's Network**

Animalytix LLC is pleased to welcome Missouri Farmers Association as the newest member of the company's network of participating animal health distributors. MFA Incorporated is a cooperative built by farmers for farmers. Combined, the core business, subsidiaries and joint ventures deliver sales of about one billion dollars annually. MFA still lives by the principles set forth by its founder William Hirth and believes the company is successful "only when our individual farmer/owners achieve success in their operations as well."
