

Animalytix Raises \$24K for KC Animal Health Corridor Spirit of Service Award

Animalytix would like to thank the attendees of the 2021 Senior Executive Forum. Thanks to your support, we were able to raise more than **\$ 24,000** in contributions for the 2021 Spirit of Service award recipients. Special thanks to event co-sponsor, the Kansas City Animal Health Corridor, our VetWatch partners and sponsors and our guest contributors for this year's event.

The Spirit of Service Award recognizes not-for-profit organizations in the Kansas City region and around the globe that work to improve the health and lives of both animals and people. In 2016, the first-ever Spirit of Service award was presented to Dr. Michelle Lem, the founder of Community Veterinary Outreach, a veterinary-based registered charity that provides pro bono preventive veterinary care for animals of the homeless and marginally housed in Ottawa, Canada.

PREVIOUS SPIRIT OF SERVICE AWARD RECIPIENTS

- [New Horizon Ranch](#) (2019)
